

Whale Watching

Your Tour Includes

Speed Boat

Expert Marine Guides

Learn from certified whale experts with deep knowledge of marine life and migration patterns.

Your guide will help you spot breaching humpback whales, explain their behaviors in real-time, and ensure every moment is filled with insight and excitement.

Box Lunch Included

We've got lunch covered — so all you need to do is enjoy the ride.

All guests receive a fresh box lunch including sandwiches, fruit, and bottled water.

What to Expect?

Witness the awe-inspiring beauty of humpback whales in their natural habitat.

Each winter, these majestic creatures migrate thousands of miles to the warm,

sheltered waters of Banderas Bay — part of one of the longest migrations in the animal kingdom.

During your **3.5-hour whale watching tour**, you'll cruise aboard our state-of-the-art APEX speed boats — built for speed, comfort, and stability — gliding across the ocean at up to 40 mph.

Keep your eyes on the horizon. Humpbacks are known to breach without warning, slap their tails in thunderous displays, and wave their fins in slow, graceful arcs.

No two tours are ever the same. These are rare, moving encounters with some of the ocean's most intelligent giants.

All of our tours are legally sanctioned by the government of Mexico. Our captains and guides are fully certified and professionally trained — because we do it right!
